

Skipper Limited ends 2015 with Best Industry Accolade

Wins 'The Best Industry in Water Resources Sector' by the Central Board of Irrigation and Power

Delhi, December 30, 2015: Bidding Good Bye to 2015, Skipper Limited, the leader in manufacturing Plastic Piping Systems, has added one more accolade to its credentials, by winning 'The Best Industry in Water Resources Sector' from the Central Board of Irrigation and Power at an award ceremony held in New Delhi on December 29th, 2015.

Skipper Limited, known for its business proficiency in PVC pipe manufacturing in India was felicitated with the award by honorable Ms. Uma Bharti, Union Minister, Ministry of Water Resources, River Development & Ganga Rejuvenation and Government of India. On behalf of Skipper Limited Mr. Siddharth Bansal, Director was present at the gala function to receive the award.

Commenting on this accolade, **Mr. Siddharth Bansal, Director, Skipper Limited**, said, "The award is a testimony to the constant efforts made by the team to make Skipper Limited a successful leading PVC piping system manufacturer in India. Central Board of Irrigation and Power is widely recognized not only in India but across the globe. The event is considered to be a benchmark for reviewing performances in the irrigation and power Industry. We are delighted to win this year and my heartiest congratulations to the entire team for the innumerable hours they have put in to make this possible."

He further added, 'It is a matter of pride to set a benchmark, but along with it comes far more responsibility to deliver. We are confident of our talented team that has been the backbone for our growth and success so far. We will continue to deliver high-quality products in the years to come.'

Skipper's PVC business has been registering 100% growth and has already captured a significant share of the Eastern India market. It has recently set up a PVC plant in Guwahati, which has a manufacturing capacity to produce 4000 MTPA plumbing and agri pipes. The company also has an initiative of excellence "Skipper Saathi" that, trains semi-skilled and unskilled plumbers. Through this initiative, the company aims to contribute to the growing requirement of trained manpower in plumbing and farming sectors.

ABOUT SKIPPER LIMITED

Skipper Limited established in 1981 is one of the leading companies in the Power Transmission & Distribution and the PVC pipes segment. With over 30 years of domain knowledge it is ranked third in India and tenth globally basis the manufacturing capacity. Skipper differentiates its offerings with high quality but cost effective solution for infrastructure providers and telecom operators.

Its international footprint spans across continents such as Latin America, Europe, Africa and is spread across 20 countries with presence across sub-segments such as towers, EPC, monopoles and poles. The company has been recently recognized as one of the fastest growing Transmission Tower companies in India on various forums.

Till last year, Skipper Limited was a regional powerhouse in the PVC pipe business for Eastern India. In the current year the company has expanded to cater to Western region of the country through the Plant in Ahmedabad and North Eastern region through the newly commissioned plant in Guwahati. A new plant in Sikandrabad is in the pipeline to cater to the northern region of the country, thus having a pan India presence. Under the brand name of 'Skipper', the company manufactures premium quality PVC pipes which serve both, the agricultural as well as plumbing sectors.

Skipper Limited is listed at BSE (538562) and NSE (Symbol: SKIPPER) in 2014 &2015 respectively.
