

Skipper Limited installs the Tallest Flag Mast of India

Successfully completes the mega flag project of Telangana

Kolkata, June 02, 2016: Skipper Limited, one of the renowned Power Transmission & Distribution and Pipes manufacturing players in India, has been honoured with the prestigious project of installing the biggest & highest Flag in India. The flag was hoisted today by Telangana Chief Minister K Chandrasekhar Rao in Hyderabad to mark the second Formation Day of Telangana.

Skipper Limited, known for its business proficiency in the manufacturing of Poles & Tubular structures in India has been awarded with the contract of delivering the mega flag project. The magnitude of the project can be explained by the Height of the Pole which is 288 ft., while the diameter is 1800 mm. 16 mm Solid Steel sheets are used to create this mammoth structure.

Commenting on the occasion, **Mr. Devesh Bansal, Director, Skipper Limited**, said, 'We are grateful to the Telangana State Officials for considering Skipper for this mega Flag project. Also, we are proud to complete this entire project in a record time of 25 Days only. This development is yet another milestone in Skipper Ltd.'s success journey and is a testimony to the unflagging efforts by the team to make Skipper Ltd. a successful company. We are delighted to be a part of such an important event and wish people of Telangana growth & prosperity in the coming days.'

Mr. Bansal also added "Our motivation at work has always been to support govt.'s policy of 'Make in India', which aims to promote products manufactured within India for the global market place.

ABOUT SKIPPER LIMITED

Skipper Limited established in 1981 is one of the leading companies in the Power Transmission & Distribution and the PVC pipes segment. With over 35 years of domain knowledge it is ranked third in India and tenth globally basis the manufacturing capacity. Skipper differentiates its offerings with high quality but cost effective solution for infrastructure providers and telecom operators.

Its international footprint spans across continents such as Latin America, Europe, Africa and is spread across 20 countries with presence across sub-segments such as towers, EPC, monopoles and poles. The company has been recently recognized as one of the fastest growing Transmission Tower companies in India on various forums.

Till last year, Skipper Limited was a regional powerhouse in the PVC Pipes & Fittings business for Eastern India. Currently it has expanded to all the zones of the country and established itself as a national player. Under the brand name of 'Skipper', the company manufactures premium quality PVC pipes which serve both, the agricultural as well as plumbing sectors. Skipper Limited is listed at BSE (538562) and NSE (Symbol: SKIPPER) in 2014 & 2015 respectively.
