

Skipper Limited further extends its reach in international boundaries

- *Skipper Limited extends its international reach to major Asian & African countries*
 - *Company received Power Grid approvals for the Poles Division*

Kolkata, July 06, 2016: Skipper Limited, one of the renowned global Power Transmission & Distribution and PVC Pipes manufacturing players in India, today announced its further international business penetration by bagging new orders in the countries of Kenya, Cameroon, Congo, Ghana & Malaysia as well as in the domestic market. These orders are for supply of Transmission & Sub-station Towers, Distribution Poles and Steel Angles and are valued at approx. 100 cr. The company spokesperson also shared the news of receiving Powergrid approval for its Poles division.

Commenting on the occasion, Mr. Sharan Bansal, Director, Skipper Limited, said, 'We are excited to share our entry into major African markets like Kenya, Cameroon, Congo, Ghana and Asian markets in countries like Malaysia as a result of our international business push. We have also lately received Powergrid approval for our Distribution Poles which will help us tap the large potential for Poles in the north eastern region of the country due to the upcoming Power Grid DMS projects.'

He further added, 'At Skipper the objective is to produce world - class quality products ensuring robust national infrastructure development and supporting the governments 'Make in India' theme. We will continue to deliver high-quality products in the years to come.'

ABOUT SKIPPER LIMITED

Skipper Limited established in 1981 is one of the leading companies in the Power Transmission & Distribution and the PVC pipes segment. With over 35 years of domain knowledge it is amongst the third in India and tenth globally basis the manufacturing capacity. Skipper differentiates its offerings with high quality but cost effective solution for infrastructure providers and telecom operators.

Its international footprint spans across continents such as Latin America, Europe, Africa and is spread across 20 countries with presence across sub-segments such as towers, EPC, monopoles and poles. The company has been recently recognized as one of the fastest growing Transmission Tower companies in India on various forums.

Till last year, Skipper Limited was a regional powerhouse in the PVC pipe business for Eastern India. In the current year the company has expanded to cater to Western region of the country through the Plant in Ahmedabad and North Eastern region through the newly commissioned plant in Guwahati. The northern part of the country is catered by its plant in Sikandrabad. A new plant in Hyderabad is in pipeline to cater to the southern region of the country, thus having a pan India presence. Under the brand name of 'Skipper', the company manufactures premium quality PVC pipes which serve both, the agricultural as well as plumbing sectors.

Skipper Limited is listed at BSE (538562) and NSE (Symbol: SKIPPER) in 2014 &2015 respectively.
